Objective

As a motivated and detail-oriented Python, AI/ML, and Cybersecurity enthusiast, I aim to join a reputable organization where I can enhance my skills, expand my knowledge, and contribute to impactful innovation. I am confident in my ability to design, develop, and deploy scalable and efficient solutions for real-world applications.

Education

Bachelor of Technology (B.Tech)

Nov 2022 – Apr 2026

Government Engineering College, Bidar, Karnataka

Achievements

- Winner, KIMO Intra-college Exam — Govt. Engineering College, Bidar (Sept 2024)
- KIMO Intra-college Tech Competition — 9th Rank (2024)
- NSS Camp Participation (Mar 2025)
- British Council EPC Leader Participation Certificate (Aug 2025)

Projects

Air Canvas Using Machine Learning

- Built an interactive Air Canvas that allows users to draw in the air using real-time gesture recognition.
- Implemented Computer Vision techniques using OpenCV for hand-tracking and contour detection.
- Used HSV color masking and fingertip recognition for accurate tracking.
- Integrated ML concepts to enhance gesture accuracy and responsiveness.

AI Chatbot using Ollama

- Developed an intelligent chatbot leveraging the Ollama LLM framework.
- Applied prompt engineering and model tuning for domain-specific conversations.
- Integrated chatbot with Python backend through API calls for real-time interaction.
- Optimized model latency and accuracy using parameter tuning and caching strategies.

Technical Skills

Programming Languages: Python, Java, C

Web Technologies: Flask, FastAPI, HTML, CSS, JavaScript

Databases: MySQL, PostgreSQL

Tools: Git, GitHub, VS Code

DevOps: Docker, Jenkins, MS Azure

Certifications

- Endpoint Security (May 2024)
- Introduction to Cybersecurity (Nov 2024)
